Married 45 years (Escamilla)

2 children

4 grandchildren

Career

Head Start Teacher in La Habra for 26 years

Hobbies

Camping, knitting, Reading particularly Dean Koontz books

Highlights

Manuel and I were married in 1968, 45 years ago. We have two grown sons and four granddaughters. Worked at Fenders for ten years then decided to stay home with the boys. Two years after I worked for the school district, and with the encouragement of my husband I attended Fullerton Community College, stayed with the district for two years and was hired by the city as a Head Start Teacher. I enjoyed every moment with the children watching them as they learned all that I taught them - very fulfilling. I miss the children but am happy to be retired. I love camping, fishing for trout, knitting, Sudoku, reading novels, and day trips with my husband.

High School Highlights

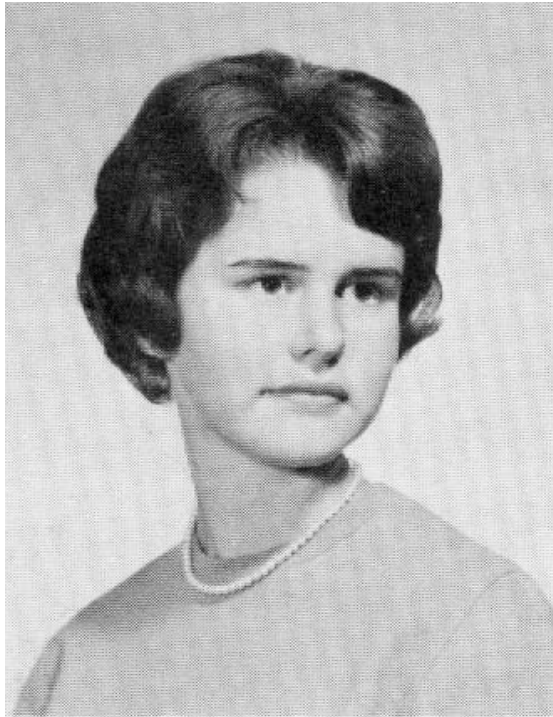

My whole high school experience was a positive one. I enjoyed all 4 years. Some of the special times were participating in sports (cross country, track & baseball) I accepted the 1st sports trophy that Lowell won. Loved talking with people, especially the girls. Enjoyed the dances including the "sock hops" at La Habra High. Served as both ASB President & Vice President at Lowell. Participated in the youth club at church. Got my first car during my senior year. (Some of what I learned in high school still sticks with me)

Live in Lake Arrowhead and have for 5 yrs--this follows 24 in Avalon and 13 in Hermosa Beach (and 2 in the Army plus 6 at college--takes me a long time to learn stuff!).

Married 44 yrs to Barbara whom I met in college. She had a kidney transplant 4 yrs ago today (following 9 years on dialysis) and is my hero. Two children--Kirsten (40)--teacher-- and Amy (37)--realtor--4 Grandchildren (ages 3 to 14)--all currently residing in So Cal.

Career Had two employers--the Getty family (13 years) and the Wrigley family (24 years). Finance, planning and Exec management capacities with each--have served on 2 dozen various corporate, not-for-profit and service club/chamber/Taft-Hartley boards--the most "sexy" sounding of which are Santa Catalina Island Co, ESPN, Wilmington Transportation Co, Minnehoma Land and Farming Co, Two Harbors Enterprises, Vancouver Plywood and perhaps Frontier Hotels (the latter for less than 3 months but it sounds cool). Am now retired for five years and concentrating on not-for-profit help.

Hobbies Travel, history and family are my current passions and the reunion was GREAT! Remain passionate about the Angels too (but barely) and my previous, and lingering, infatuation with the Cubs is proving to be helpful in dealing with the increasing disappointment there.

Highlights I find that my friends remember HS far better than I--but the Regents, A&W, Shakey's, Bobs Big Boy and Burger Q are remembered with fondness (note the food theme there!). Missed seeing Droz, Lewis, Piirto and others who'd indicated they'd come--maybe next time. EVERYONE who attended looked terrific and the absence of pretentiousness was nice--guess we have all "Grown Up!" Nice work, committee!

Hansen, Jim LHHS

JIM HANSEN

Location Florence, MT jimhansen3@me.com

We live in a small town in the Bitterroot Valley at an elevation of about 4,000 feet and our home is in the forest a few miles from town. The closest large city is Missoula about 25 miles away.

Married to Pam

34 years

1 daughter, Britt, from a former marriage. My daughter and her husband have 4 children and they have been living in Europe for the last 8 years, but are relocating to Northern California.

Career I worked in advertising for 30 years where I made photographs for use in ad campaigns. I specialized in photographing food and on occasion automobiles. My work took me to many foreign countries in Europe, Asia, and much of the Pacific. I retired in 2003, but still photograph a few Formula 1 races around the world.

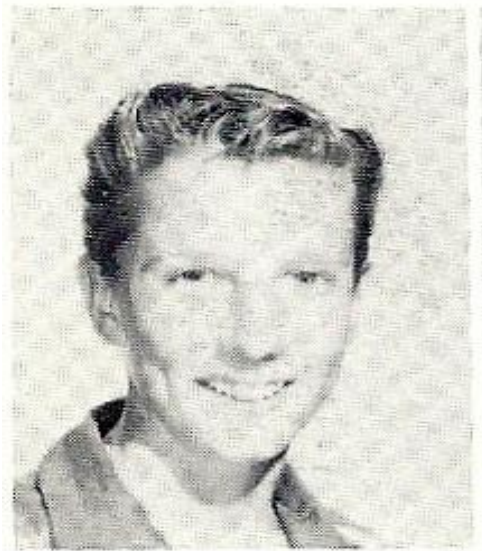

Hobbies My favorite pastime is golf. Our season is short so I play several days a week in the summer. I also enjoy cycling. My wife and I especially enjoyed bicycling throughout France, Italy, and the US. When the snow comes, I love cross country skiing.

Highlights The past 50 years have been a blur. In addition to working I taught photography and I still teach today. My daughter and the four grandkids are a constant source of joy. My wife and I enjoy traveling throughout the world. Finally I have truly enjoyed the last 17 years loving in Montana. We love to hike and fly fish. We still take class at the University of Montana.

I remember less of our high school days than I thought I would. What I remember most are my great classmates. I remember football and that great sense of camaraderie I felt with my teammates. I remember running onto the field for Friday night games...how loud it was and how proud I was to be a part of it all.

DEE LIEBERMAN

Married (Rathman)

46 years

We have two children. Our son, Frank is 39 and lives in Centennial CO. He has been married for 10 years. They have three children: Cooper, who is 8, Maren who is 6 and Briar who is 4. Our daughter, Elizabeth who is 37, lives in Aptos, CA and has been married for almost seven years. They have one son, Devon, who is four.

Education

I graduated from San Diego State in 1967 with a degree in Social Science for Elementary Education. I received my Lifetime Standard Teaching Credential with a specialization in elementary teaching in 1971. In 2002, I received my Masters in Educational Technology from Azusa Pacific University.

Career

I taught either fourth or fifth grades from 1967 to 1973. From 1973 to 1985 I was a stay at home mom. During this time I volunteered for the American Cancer Society as a Breast Self-Exam lecturer, for the American Heart Association as a CPR Instructor, and for the local PTA. I was a Girl Scout Leader, team mom for Little League and Soccer, etc. In 1985 I went back to the classroom as either a third or fourth grade teacher. From 1990 to 2000 I was a Title I Resource Teacher at first a K-8 school, then a K-5 school. From Sept. 2000 to June of 2009 I was a Teacher on Special Assignment for Elementary Science. I retired from the Hacienda La Puente Unified School District in June 2009 with 31 years of service. I did two years of early retirement for the district, concentrating on elementary science, and two more years with four schools in the district that contracted me to help them on a very part-time basis with science.

Hobbies & pastimes

I love to read and just joined a book club a year ago. We love to travel to see the grandchildren. I play bunco with a neighborhood group, and belong to Delta Kappa Gamma Society International (women educators who promote professional and personal growth of women educators and

50 Year Reunion

excellence in education worldwide.) I try and walk at least three to five days a week in the hills where we live. When we were younger we did lots of camping and hiking with the family. We have taken a couple of cruises (one to Alaska and one on the east coast into Canada). About seven summers ago, Tom and I took a six week road trip across the US. It was a wonderful experience with lasting memories!

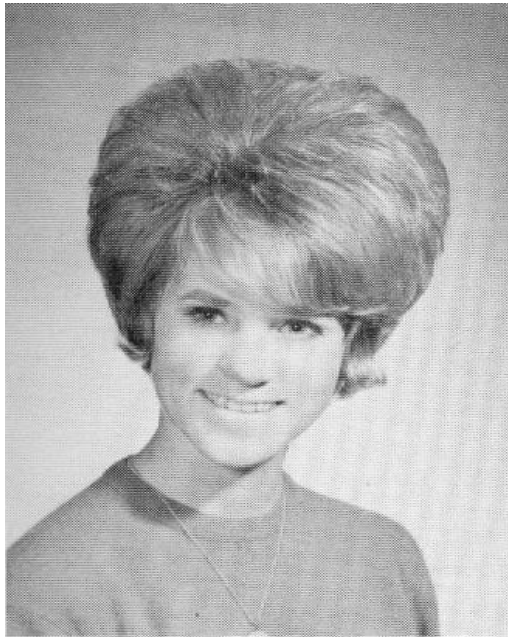

Memories I have had lots of wonderful experiences since graduating from high school. I loved my four years in college. The sorority I joined, Delta Zeta, gave me not only lasting friendships, but leadership skills that have helped me throughout my life. All my experiences in teaching and volunteering helped me become a better person. I wanted to be a teacher since I was in fifth grade and never wavered. For me it was truly a rewarding time of my life. My family are my true highlights. My husband and I have had all kinds of journeys over the past 46 years. Watching our children grow, and become adults, then parents themselves is such a joy. Have there been frustrations, disappointments, heartaches over the years? Of course, but we have made them through it all together.

I have lots of great memories of high school: Number one are the friends I made. Then the teachers who inspired me. Drill team and GAA Field Hockey gave me a little confidence in myself because I did not have much in athletics. Because I was Student Body Treasurer I remember counting money from the football games our senior year, and missing the football games. I could hear them but not see them. There were all those fun times at Bob's Big Boy in Whittier. I remember the dances, the excitement getting ready for them. I also remember going to see "West Side Story" in Hollywood with the English class. I remember long discussions with friends as we tried to solve the problems of the world. Being split up from the people I grew up with when they left for Lowell was hard! I had started at Lowell Elementary as a kindergartener with so many of them. High school was a special time, an innocent time.

6 grandchildren - Scott and Laurie have 4 children: Liz 17, Andrew 13, Kayanna 11, and Morgan 8. Carrie and Jason have 2: Rowan 9 and Emma 6.

Education 2 years FJC

Career After the kids started school, I worked for Lowell Joint Unified School District.

Hobbies We enjoy camping and having company. It sometimes seems like we run a B & B. We still follow RAMS football and KINGS Ice hockey. I've learned a lot about each sport in the past 45 years (smile). I love going on outings in John's Black '57 Chevy.

Highlights of 50 years After John retired from GTE in 1993, we looked around and found a wonderful place in Colorado. We've been here 18 years. After we made the move, our kids started having kids. Now it seems we spend lots of time between Oklahoma and Oregon.

Memories of High School The "wonderful" green bathing suits and Nancy Peters borrowing my glasses so she could see. (Nancy's note: I finally got my own glasses in High School and then contacts later.)

My husband and I look forward to retirement next year and serving a mission for our church ~ destination to be determined. Our biggest hobby and interest is being with our large family and as many of their activities and events as possible. Our family and our faith are at the center of our lives.

Career

My Career has been varied with most of it being what I love the most, a stay at home mom. But I have done businesses from home in the process such as: Day Care, Exchange Students from Japan as a coordinator for their several weeks stay, my own business of Joyous Occasions for 22 years which was custom cake and floral design for weddings and other special occasions. The things I have done outside of the home are; Safeway employee as a checker, Dairy Manager, Deli worker, Cake decorator in the bakery, and florist. Currently I am a medical receptionist at an Audiology Practice but have worked in many varied medical offices, my favorite being the Cancer center here in Santa Rosa.

Hobbies

My hobbies are reading, family history, crafting, sewing, decorating, floral design, cake decorating for family theme birthdays, photography, scrap-booking, and traveling.

Highlights

High School highlights and memories revolve around the special people that I knew and did things with on a regular basis. Some of them weren't at the reunion but I called them and we got together for dinner on Sunday which was a very special treat. I have memories of dances (Sadie Hawkins, homecoming, prom, sock hops), football games and our incredible bag pipe marching band and the highland lassies doing the Highland Fling, dates to the beach and bowling alley, and parties at friends houses when parents were present and we had a blast without drinking or smoking, just clean fun. I remember going to the La Habra Corn Festival every summer. I loved going to A&W root beer on the corner of Idaho and Whittier Blvd with friends for a frosty root beer and onion rings. The the biggest highlight was our graduation and all night party at Disneyland. Favorite teachers were: Mrs. Flaa (English), Mr. Dunton (music), Mr. Feaster (biology).

Career Sales and Marketing: Insurance sales for 19 years in 403B annuity products for educators and Investment properties

Last 50 years Getting an education: BA in Communications/Public Relations from Cal State Fullerton
Stayed home for 15 years while I had small children; helped organize a singles church group with a mailing list of 700 (how I met Hugh who came early to help for a party and then was never able to get away!); dating Hugh for 2 years till he "saw the light" and proposed on a white horse wearing a knight costume; all the family occasions involving our very large family; traveling the world to 23 countries with "the handsome prince".....Australia, New Zealand, Tahiti, Hawaii, China, Peru, Turkey, and most of Europe; being general contractor for our home renovationthe most fun I have ever had..... "bossing people around and spending money!"; taking care of my Dad until his recent death as well as helping with Hugh's mom who is 95; camping trips with Hugh to so many National Parks all over the west; working with Hugh in our businesses; and most of all..... looking forward to lots more happy times!

Pastimes & Hobbies Yard work; watching movies at home; dreaming up where to travel next; family dinners; helping Hugh make books honoring the lives of my Dad, Hugh's mom, and genealogy. This year I am writing my mother's life history and including pictures of her life which Hugh will make into a book on his MAC. **Hobbies:** Sewing, making my own jewelry, planning improvement projects for our home, reading, swimming, and walking our dog Gabby.

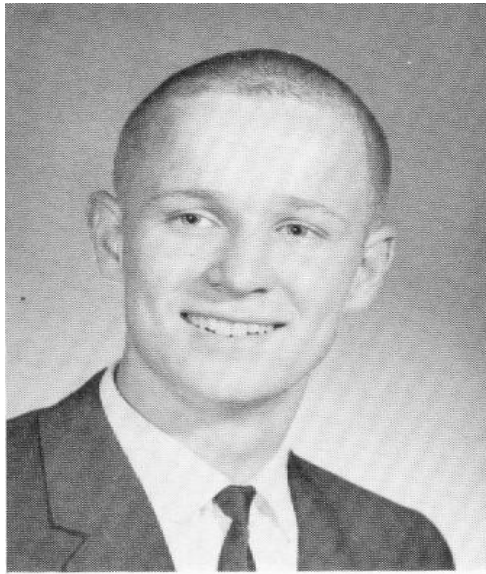

Memories of High School My Dad brought home a monkey which we had for 4 ½ years during my high school years (I was undoubtedly the only one in High School with a monkey as a pet!). Football games, dances, parties, and hanging out with dear friends. I remember smog so thick we had difficulty breathing and P.E. would be inside activities. Mr. Feister taught Human Biology and he convinced me I should study medicine, until I worked as a Candy Striper at a local hospital. I hated being around sick people.....next career idea! High School seems like yesterday but so much time has gone by that it seems like another lifetime.

Widowed (Emery)

Married to Steve for 40 years plus 4.5 years of dating

Children: 1 girl and 2 boys – only the youngest son is still alive

Career Gallo vineyard worker, cosmetologist, programmer analyst, business systems contractor

Pastimes & Hobbies Travel, yard work, visiting friends & family, walking playing Candy Crush and Word with Friends, and messing with photography

Highlights of last 50 years In 1968, I married Steve, my soul mate after dating for 4.5 years. We had two boys who kept us very busy with school and sports. We spent many years at our trailer on Lake Havasu where we enjoyed boating, skiing, hiking, shooting, and exploring the desert. I earned an Associate of Science in Accounting & Data Processing at Mt San Antonio College (Mt SAC) and a Bachelor of Science Degree in Business Administration at the University of La Verne. My later working career as a P/A encompassed a distribution company, a sporting good company, and a medical device company. I then worked for a consulting company which supported a manufacturing ERP system before becoming an independent consultant. I retired at 62. Steve and I did a lot of traveling until cancer took him from me in 2009.

Memories of High School Skipping school to go surfing at the beach. I know, my BAD, but it was fun! Marcia (Eddy) Bloom brought back summer memories of vacations at Mt Shasta and going to find the Shasta Monster.

Highlights Through my working on the 2013 reunion committee, I made a surprising discovery. It seems that Rod Johnson's life path and mine have crisscrossed many times. We were both born in the same hospital in Montebello in different months. We both graduated from La Verne University 10 years apart. A friend of mine worked for him when he was assigned to the Pasadena Courthouse. And he married Karen and I married Steve in 1968. I believe it is life's little mysteries that keep us entertained!

9 grandchildren: 5 girls and 4 boys, ages 9 to 26

Career

Healthcare Administrator for 41 years

Highlights of the past 50 years

After a delay, I obtained my BS from Cal State Long Beach and keep involved in community organization.

Pastimes / Hobbies

Monthly gourmet cooking club, reading, gardening, traveling and visiting with family and friends.

Memories of High School

1st period gym class and swimming in those terrible green knit swimsuits; they stretched when wet and provided no support and trying to keep our hair dry by using a chamois under our bathing caps. Going to the football games and cheering, but not understanding a thing about the game. Going to the dances in our Senior Year. My favorite memory is making life-long friends with whom I still enjoy seeing and sharing experiences.

The Reunion Committee

Dear Class of 1963,

This book was created because of Nancy Peters Winter's diligence and dedication to getting interviews and photos from each of you. Should you find any inaccuracies due to editing or missing information, please contact me, emery1492@gmail.com , or one of the reunion committee with your requested changes.

We all had a great time at the reunion and the only major complaint was "not enough time" to visit with everyone! Our website, www.LaHabraHigh-Lowell63.com , continues to be available to you. Please update your information either by email or at the website if your address or phone numbers change. That way Marji won't have such a hard time finding you for our next get together.

Until next time, be safe, stay healthy, and keep in touch!

The 2013 Reunion Committee
Sheila (Van Osten) Emery, editor
